## **A Mighty Long Way**

Words & Music by Glyn Lehmann

### **Intro**

If you ask us what's so great about the place  
that we come from  
We'd still be singing 'til the cows come home  
There's so much that we could say  
Before they drag us all away  
Let's do it anyway!

### **Chorus**

From Manjimup to Marble Bar  
From Kununnarra to Mandurah  
You'd have to go a mighty long way  
To find a place like W, WA

### **Verse 1**

Miles and miles of coastline  
Forests that grow so high  
Flowers that bloom in the desert  
Look up to the endless blue sky

### **Verse 2**

Treasures are buried below us  
Diamonds and oil and gold  
The dolphins of Monkey Mia  
A treasure that cannot be sold

### **Bridge**

You might say it's a mighty long way  
From the Swan to Botany Bay  
But we'd say that's a small price to pay  
To find a place like W, WA

### **Interlude**

We've got the West Coast Eagles - Eagles!  
We've got The Dockers too - Freo!  
We've got the Bungle Bungles  
How 'bout you?

### **Rap**

We got the quokka and the WACA and the  
Cocklebidly Caves  
The Doctor's cool, there's a Rock like a Wave!  
We come from near and we come from afar  
We're the kids from the WEST  
That's WHO WE ARE!

### **Chorus**

From Manjimup to Marble Bar  
From Kununnarra to Mandurah  
You'd have to go a mighty long way  
To find a place like W, WA

You'd have to go a mighty long way  
To find a place like WA  
It's like finding a needle in the hay  
To find a place like W, WA

### **Tag**
