

HEROES

A song trilogy

words & music by Glyn Lehmann

1. Extraordinary Things

(Choir)

Listen here now

You will hear us

Give a cheer now for our heroes

H-E-R-O-E-S

They stand out from all the rest!

(Solo Rap)

I'm thinkin' about my heroes

What it is that makes them great

They're ordinary people

Just like me and my mates

But what makes them so special?

You might like to know

What WE think it takes to be a HERO!

(Choir)

People who stand up, stand up

For what they believe

Swimming against the tide

People who reach out, reach out

To others in need

Refusing to turn a blind eye

CHORUS

Heroes are ordinary people

Doing extraordinary things

Heroes are people like you and me

Doing extraordinary things

Doing extraordinary things

Heroes are ordinary people

We can all be heroes, we can take a stand

We can make a difference, everybody can

Step outside the circle and take a chance

Stand up for what is right in every circumstance

You just never know how much the things you do
Influence the people around you
Be the one to show that you can lead the way
You could be someone's hero today

CHORUS

(Solo Rap)

You don't have to be a superstar or leader of a nation
You just have to be your-self, make the best of the situation

(Choir)

No!
Yeah!

(All)

We've all got a part to play
We won't sit around all day
We're gonna get up, stand up
Stand up now and say!

CHORUS

Doing extraordinary things
Doing extraordinary things
Doing extraordinary things
Doing extraordinary things
Ordinary people, extraordinary things
