

Flying Free

words and music by Glyn Lehmann

Verse

Feels like I'm flying
Up here in the air
The spotlight's shining
And the crowds all disappear
The music takes a hold of me
And gravity is tamed, now I'm free
I lose myself among the clouds
There's nowhere else that I would rather be

Pre-chorus

I've had some falls along the way
Some ups and downs but that's okay
'Cause that's what got me where I am today

Chorus 1

Feels like I'm flying free
Up on a flying trapeze
It feels like such a breeze
I never thought that it would be me!
It's like a fantasy
But it's reality
I'm right where I should
And now I know that I can be me!
Flying free

Interlude

Life is like a circus, we all play our part
Jugglers and clowns and the tightrope walkers
Give it your best and just make a start
Dancers and acrobats, mimes and musicians
Ringleaders, riggers and flying trapezers!

Here I am
Out here on my own
I used to be so scared
But now it feels like home

repeat Verse, Pre-chorus

Chorus 2

Feels like I'm flying free
Up on a flying trapeze
It feels like such a breeze
I never thought that it would be me!
It's like a fantasy
But it's reality
I'm where I should
And now I know that I can be me!
Flying free

Coda

I never thought that it would be me
Flying free
Free!
