Give A Little Sunshine

Words and Music by Glyn Lehmann

Introduction

Sky is grey and cold wind blows
Out there in the rain and snow
That's how Christmas is for some
But for others there's a lot more sun!

Verse

Some are in the summer
Some are in the winter
Some are somewhere in between
Some are in the sun
Some are in the snow
Some are somewhere we don't even know

Pre-chorus

But whatever the weather and wherever you live
Christmas is a time to spend together and to give

CHORUS

So give a little sunshine at this time of year
Whether the weather is hot or cold, windy, wild or
clear
Give a little sunshine; chase the clouds away
With a smile and a helping hand
We'll brighten up your day

repeat **Verse** (with echo)

Pre-chorus

CHORUS x 2

Outro

Give a little sunshine.
