

Harmony

Words and Music by Gillian Britton

Verse 1

Say if you were black and I was white
And I came up to you and picked a fight
Said I don't like difference you see
Think the whole of the world should be like me
What would that feel like?
What would that feel like?
What would that feel like?
What would that feel like?

Verse 2

Say I had a story that you don't know
And it's hard for me to tell and hard to show
What it means to live inside my skin
What it's like to be me here deep within
What would that feel like?
What would that feel like?
What would that feel like?
What would that feel like?

Chorus

There's a whole lot of trouble in the world, you see
Cos we all think we know how things should be
If we listened to each other more carefully
Could we learn to live in harmony?

Bridge

We are all the same in our hearts
This is where the change can start

Verse 3

You are you and I am me
And we're weaving a beautiful tapestry
Of the things we know and the things we see
That's how we make a harmony
What would that feel like?
What would that feel like?
What would that feel like?
What would that feel like?

Chorus

There's a whole lot of trouble in the world you see
Cos we all think we know how things should be
If we listened to each other more carefully
Could we learn to live in harmony?
