

I Am an Earthling

words and music by Glyn Lehmann

Chorus

If I ever met an alien
This is what I would say
'I am an earthling,
I am an earthling,
I am an earthling from the Milky Way.'

Verse 1

I would say, 'This is my home'
Ask, 'Is it something like your own?
Do you have amazing trees and summer breezes
The birds and all the creatures that we do
Do you?'

repeat **Chorus**

Verse 2

I would show them our blue sky
The white clouds slowly drifting by
Ask, 'Have you seen an aurora or a rainbow
A snowfall, and do you have sunsets too
Do you?'

Bridge

They might say, 'I've been across the universe
From star to star
Your planet is the most amazing place I've seen
By far.'

repeat **Chorus**
