

Life Without Sport

words & music by Glyn Lehmann

Verse 1

Life without sport is like a pizza with no cheese
Life without sport is like a forest with no trees
Life without sport is like a pie without the sauce
It's like when Luke Skywalker didn't use The Force

Verse 2

Life without sport is like a rod without a reel
Life without sport is like a bike without a wheel
Life without sport is like a piano with no keys
It's like trying to keep your eyes open when you sneeze

CHORUS

'Cos there's nothing like kicking the footy with your mates
There's nothing like sending down a perfect ace
There's nothing like shooting hoops or catching a wave
Listen hear sport, oi!
There's nothing like it
We really like it 'cos there's really nothing like it

Verse 3

Hockey, cricket, swimming, rowing, riding on your bike
Dancing, diving, sailing, skating, anything you like
Table tennis, volleyball and playing with the dog
Life without sport is like living in a fog

CHORUS

'Cos there's nothing like kicking the footy with your mates
There's nothing like sending down a perfect ace
There's nothing like shooting hoops or catching a wave
Listen hear sport, oi!
There's nothing like it
We really like it 'cos there's really nothing like it

We really like it 'cos there's really nothing like it

Sport!
