

# Party Of Life

Words and music by Glyn Lehmann

All resources for this song  
available from [songlibrary.net](http://songlibrary.net)

## Verse 1

From the ants to the elephants  
From the plants to the pelicans  
We are made from the elements  
You and me the chimpanzee and the flea

## Verse 2

From the toad to the tiger  
From the spud to the spider  
No there's nothing could be finer  
Than to be alive like you and me

## Bridge

We share a common history  
A part of the biology  
The wonder and the mystery of life  
We're part of one big family  
The branches of a mighty tree  
Let's celebrate this life we're living  
Here and now

## Chorus

(All)

We're a part of the Party of Life  
We're the life of the Party of Life  
Everyone just come as you are  
Cos we're all at home here

(altos)

We're a part of the Party of Life  
We're the life of the Party of Life  
Everyone just come as you are  
Cos we're all at home here

(sopranos)

All at home here  
All at home here  
All at home here  
All at home here

(All)

We're a part of the Party of Life  
Of the Party of Life

*Repeat...*

**Verse 1, Verse 2, Bridge, Chorus** then...

## Tag

We're a part of the Party of Life  
Of the Party of Life

## Outro

From the ants to the elephants  
From the plants to the pelicans  
We are made from the elements  
You and me...and the flea!
