

## Tell Me Your Story

### Verse 1

Tell me your story  
The places you have been  
I'll tell you about me  
The things that I've seen

### Verse 2

Where do you come from  
What is your history  
Were you born here  
Or somewhere across the sea?

### Bridge

We can learn about each other  
Let's make a start today  
What do we have in common?  
We might find we're not so different anyway

### CHORUS

**Tell me your story  
We all have a story to tell  
I'll tell you my story  
Then I'll be part of yours  
And you'll be part of mine  
We'll write a new story together**

### Verse 3

What is your language  
What food do you eat  
Do you like music  
And moving to the beat

### Verse 4

I like your name now  
At first it sounded strange  
Now that I know you  
I wouldn't want you to change

*Repeat: **Bridge and CHORUS** then:*

We'll write a new story together

Tell me your story  
The places you have been  
I'll tell you about me  
The things that I've seen
