## RAP

Listen to our stories  
How we all came to this place  
Many pathways, many cultures  
One future to embrace

## Chorus

We are home here  
Children of this land  
Hear our stories  
Come to understand  
Many pathways led us to this place  
Many cultures, one future to embrace

### *repeat* Chorus

## Verse 1

Some of us have been here  
For countless generations  
We sing an ancient song  
Some of us have come here  
In living memory  
We've found a place to belong...  
And grow strong

### *repeat* Chorus

## Verse 2

Now we're all together  
It's time for celebration  
We're walking hand in hand  
Learning from each other  
We're sisters and we're brothers  
The children of this land...  
Of this land

### (s) *repeat* Chorus

(a) We are home here  
We are home here  
We are home here  
We are home here

## Bridge

*repeat* RAP *then...*

We are home  
We're sisters and we're brothers  
We are home  
We're walking hand in hand  
We are home  
We're sisters and we're brothers  
We are home  
The children of this land

*repeat* (with harmony)  
*and add...*
