

## What Is Real?

Words adapted by Glyn Lehmann from  
*The Velveteen Rabbit* by Margery Williams  
music by Glyn Lehmann

### **Velveteen Rabbit**

What is real?  
What is real?  
And how does it feel?  
Does it happen all at once?  
Does it happen all at once, or bit by bit?  
What is real?  
What is real?

### **Skin Horse**

Real is when somebody cares  
And you feel alive for the very first time  
It won't happen at once  
You will slowly become  
You will see yourself through their eyes  
Through their eyes

### **Velveteen Rabbit**

What is real?  
What is real?  
And how does it feel?  
Does it hurt a little bit?  
Does it hurt a little bit to make that change?  
To be real  
To be real

### **Skin Horse**

Real is when somebody cares  
And you feel alive for the very first time  
Sometimes real can hurt  
But you really won't mind  
If that's what it takes to be real  
To be real

It's like magic when you are loved  
Though you are worn, your seams are torn  
There's a glow inside  
That is real

### **Velveteen Rabbit**

That is real

### **Skin Horse, Velveteen Rabbit**

That is real
